

New Futures propels underserved young people through community college and other shorter-term postsecondary credentials and into rewarding jobs in our region's most in-demand sectors. We invest with scholarships, academic advising, career development, and a lot of heart.

WHAT SETS US APART?

COMMUNITY COLLEGE FIRST

DISRUPTING THE CONVERSATION ABOUT FOUR-YEAR DEGREES

New Futures values community college and certifications as the best first step for many young people to launch a rewarding career quickly and affordably with minimal debt and maximum flexibility.

FLEXIBLE SCHOLARSHIPS

ADDRESSING ALL RISING COSTS

Beyond tuition, our Scholars can use awards for books, laptops, exam fees, campus parking, and other necessities to help them save more and borrow less.

PROFESSIONAL ADVISORS

ACADEMIC & CAREER ADVISING, WITH HEART

Each Scholar has a champion and cheerleader with extensive college advising expertise to help navigate campus resources, select courses, manage priorities, establish career plans, and build professional networks.

CAREERS OF TOMORROW

EXPOSURE, NETWORKS, AND SKILLS

New Futures coalesces Scholars and programming around six high-growth career fields: IT/Cybersecurity, Construction & Trades, Health Sciences, Hospitality & Culinary Arts, Public Service, and Education.

THE NEW FUTURES FAMILY

ALUMNI SUPPORT AND SERVICE

New Futures continues support for Alumni as they graduate, pursue bachelor's degrees, and launch careers, and Alumni give back by networking with and mentoring newer Scholars entering their career fields.

EVIDENCE OF IMPACT

THE NEW FUTURES APPROACH WORKS

- 91% persistence and graduation rate
- 97% of Alumni report to be employed or enrolled in school
- 63% of Alumni financial situations have improved
